527 A small feast is given at the birth of a
852 child.

304 There is no supercision, except for Mohammedan circumcision, and this is done only in a few cases. (Evidently, in Indonesia, where supercision was in before, they may continue it under Mohammedanism, for example, in Makassar. But where there was no cutting before, they take on Mohammedan circumcision only.)

They say that they never had any cutting here. However, they say that they know of at least two kampongs in Lio where cutting did take place.

622 The mosa laki are of course religious as well
793 as adat chiefs. The Catholic priest has a house here, but does not reside there. He makes periodic visits. There are two religious teachers.

771 I can discern no Hindu or Buddhistic elements.

798 I wonder if the new bureaucracy, and also the Mohammedan majority, may cause trouble for the Catholic-oriented education of Flores. So far there has been no trouble.

798 There is very little discussion of religion here. They seem to let it slide by, and I get the idea that there is no great trouble in regard to paganism because (1) they never had any real resistance here, and (2) the pagans are too dumb, and so are the Christians, and (3) the Catholics do not evidently attack directly.

782 There was no trouble here in regard to the
797 acceptance of Mohammedanism from the standpoint
[23] of sacrifice, because they have plenty of non-taboo animals, for example, the buffalo, cattle, and goats. Therefore, it is not necessary to have a pig for pagan rites, and even the Mohammedans would get their share at a feast. This is different from Larantuka, where a Mohammedan would go hungry at the largely pork provided feasts. And also, in Larantuka, the all-essen-
